

# Flow Adoption at Dell

---

by  
Jorgo Qirjaj

# Innefficient Working Processes

---

# Technology Perspective

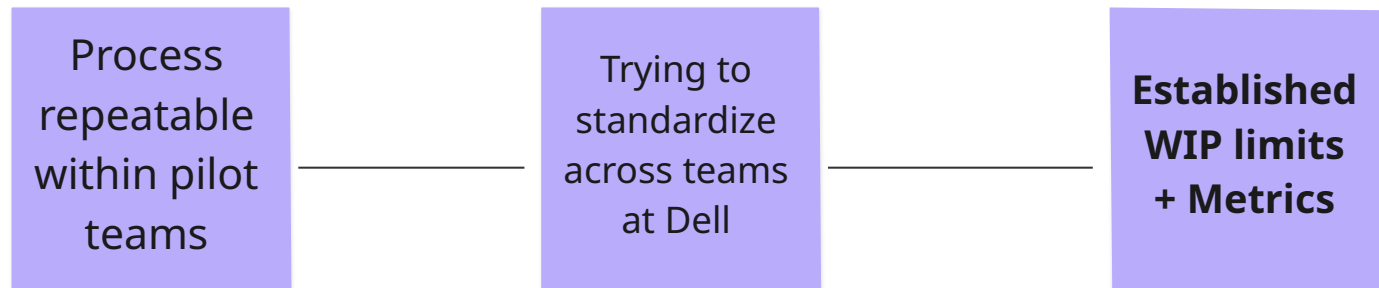

---

However, tech is not yet fully optimized

# Process Perspective

---

However, process is consistent in pilot teams but not organizational level

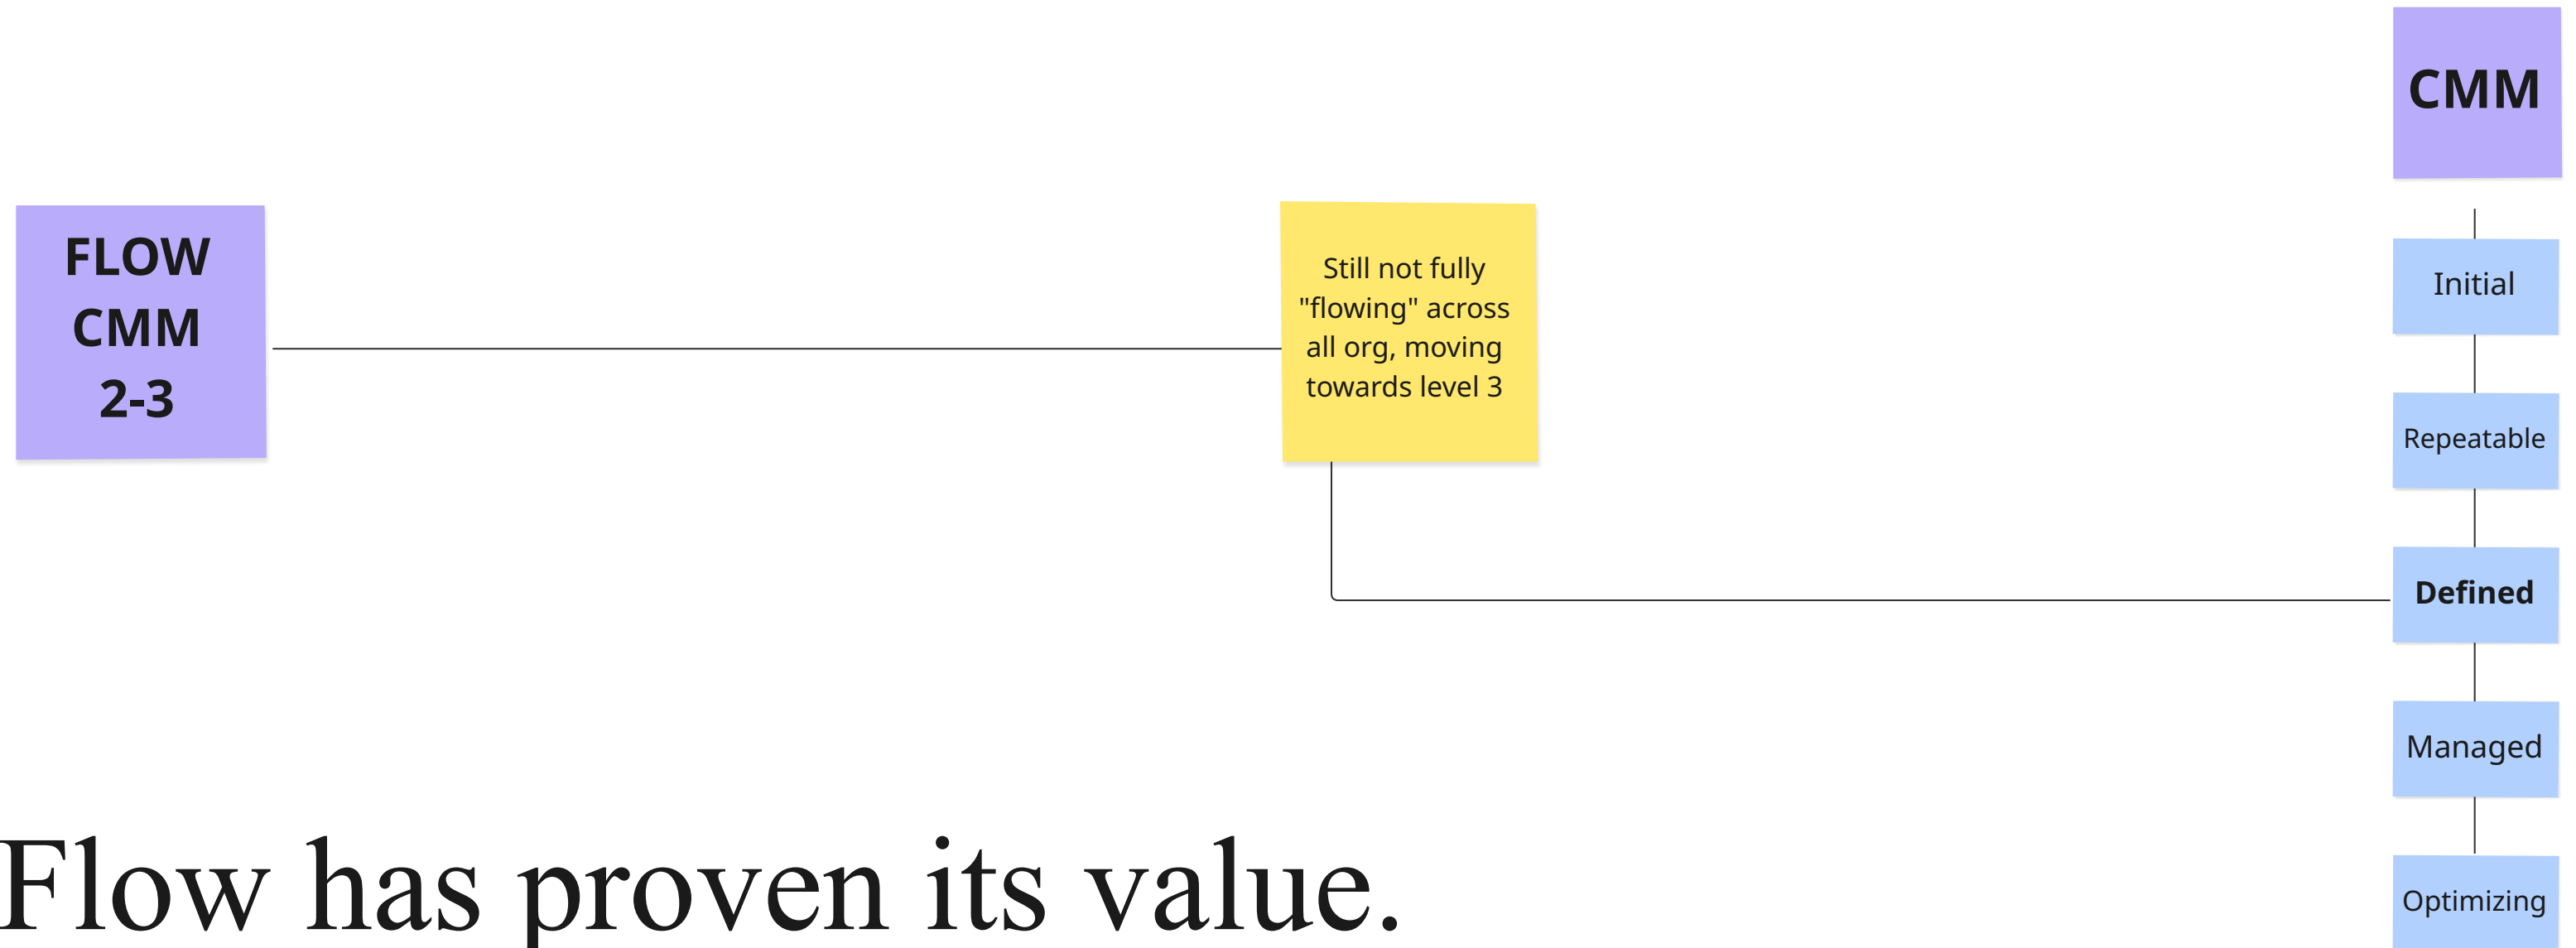

# People Perspective

---

Cultural adoption of flow requires time

# Conclusion | CMM Level 2-3

Flow has proven its value.

Next step is consistency and not optimization.
